SHORT COURSE 2011
Eligible For **STAR Funding**

Build your own Computer

This course offers an introduction to building a computer by sourcing and using various components. It is led by an experienced Computer Technician.

When & Where

Monday-Thursday, 8:45am - 4:00pm

11th - 14th April 2011

22nd - 25th August 2011

Vision College, 334 Manchester Street
Christchurch, Tel: (03) 377-2364

Overall Aim

To provide students an introduction to the wonderful possibilities of being a Computer Technician.

Topics Covered

• Learn about the components

This will include:

- Motherboard
- CPU
- RAM
- Peripherals etc
- Handling the Components
Learn how to correctly handle the components so as not to damage them

• Compatibility of Components

What components will work together and which will not?

• Build your computer

Source Components and build your own computer, or upgrade an existing one.

NB: There will be additional cost to the students for the components to build their computer. If the school wishes to pay for this please advise when student is registered, otherwise this cost will be for the student.

Unit Standards Covered

There are no Unit Standards offered on this course.
