GENERAL SCHOLARSHIP APPLICATION

- General Scholarships will usually be limited to a maximum of 30% of the first years' tuition fees, but may be less, dependant on the number of scholarships given out.
- Before completing this form you should read the scholarship criteria on the website or have a written endorsement from a designated Vision College staff member.
- Usually no more than ten general scholarships are awarded per campus per year. Scholarships are not guaranteed to be awarded in each category each year. Instead each scholarship application is judged on its own merits.
- All applicants will be assessed on individual merit.
- Each successful applicant will be entitled to a maximum of one scholarship for year.
- Personal information supplied in study application papers will aid in determining the success or otherwise of the application.
- By accepting a scholarship you agree to your name being used for advertising purposes should the College wish to do so.
- **Applications close 1st December each year** and are awarded before the end of the year.
